ELUXNET

PANELUX

natural light from the source while creating a floating look when installed.

A new innovative LED lighting fixture for flat panel application has made its first step to bring

the unique design to life. Cutting edge, laser-cut engineered clear lenses with diffusers deliver

Standard Size

Specification Description Lamp Type Direct Lit 3,000K 3,500K Color Temperature (CCT: K) 4,000K 1,500lm, 2,400lm, 3,400lm Lumen output Efficiency (Im/w) 100 lm/w Proprietary binning for uniform color Color Consistency 50,000 hours Lumen Maintenance (L70) Power Factor 0.9↑ Input Voltage 100-277VAC, 50/60 Hz 16W, 25W, 36W Power Consumption Dimming control Energy Harvesting Wireless Control, 0~10V Dimming CRI (Ra.) 85 (Typ.), 90 (Optional) Fixture Size 12"x12", 18"x18", 24"x24" Weight 6lbs, 10lbs, 14lbs Light Refraction / Acrylic Diffusion Optics Beam Angle 120° Application Typical lay-in drop ceiling, Gyp-board recessed installation Operating Temperature -4F ~122F Humidity 20% - 85% RH, Non condensing Certification ETL Certificate

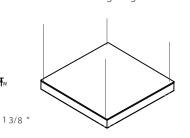

PENDANT INSTALLATION

Cordless suspension system / A clean, floating modern look Class 2 LED lighting fixture - 100W, max. 60VDC,

RoHS compliant, No mercury

Dry location, Indoor Use

L70 rated to 50,000 hours

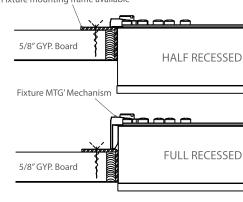

Height adjustable Stabdard 48", 120", 180" OR custom length

1/16" Cable 40lbs 3/32" Cable 100lbs

Rincon's powered suspension systems both power and suspend Class 2 LED lighting fixtures with a thin cable, providing a clean, modern and elegant look without the need for a separate power cord.
